

Use of Foul and/or Vulgar Language is not welcomed in this store...

This is a family owned and operated business. We have Grandchildren & Women around much of the time and bad language it is very inappropriate.

Additionally, foul language and the use of the name of Deity in vain is a very unneeded and unwelcomed expression of a less than adequate Education/Vocabulary.

I am sure that we can all find good and intelligent means of expressing ourselves without resorting to Foul repetition of meaningless terms and phrases.

Being a God Fearing man, I fear offending my God by using his name as some sort of gesture rather than saving it for when I am talking to him in Prayer.
